

YOGESWAR S

Cyber Security • Website Designing & Building • Vibe Coding & Problem Solving

Madurai, Tamil Nadu, India | +91 83003 44268 | yogesyogi13@gmail.com | linkedin.com/in/yogeswar-s

CAREER OBJECTIVE

Motivated Computer Science & Engineering (Cyber Security) student with a strong academic foundation in programming, networking, and security, combined with a passion for modern website designing & building and rapid 'vibe coding' backed by solid problem-solving knowledge. Seeking opportunities to apply technical skills in cybersecurity defense, web architecture, and real-world software engineering.

FEATURED PROJECTS

Intelligent Malware Report Summarizer — Cyber Security & Threat Intelligence

- Developed an automated analysis tool that ingests verbose sandbox execution traces and dynamic malware telemetry.
- Extracts Indicators of Compromise (IOCs), maps threat behaviors to MITRE ATT&CK; techniques, and generates concise executive summaries with actionable mitigation steps.

Weather Monitoring System with SMS Alert — Diploma Final Year Capstone Project

- Built an end-to-end real-time monitoring system capturing environmental temperature and humidity via sensors.
- Integrated GSM cellular module to evaluate thresholds on microcontroller firmware and trigger automated SMS alerts.

EDUCATION & TECHNICAL FOUNDATION

B.E. Computer Science & Engineering (Cyber Security) — Pursuing

Velammal College of Engineering & Technology, Madurai | 2024 – 2028

Diploma in Computer Engineering — 74% (First Class with Distinction)

KL Nagasamy Memorial Polytechnic College, Madurai | 2022 – 2025

- Established comprehensive foundation across C, Python, Java, RDBMS, Web Design, Networks and OS.

SSLC (10th Standard) — 332 / 500

Tagore Vidyalayam Matriculation Higher Secondary School | 2022

INTERNSHIP EXPERIENCE

Intern – Cyber Security & Machine Learning

Elysium Technologies Private Limited, Madurai | Dec 4, 2025 – Dec 25, 2025

- Completed structured internship covering core concepts of cyber security and machine learning with 100% attendance.
- Gained practical exposure to threat surfaces, defensive protocols, and guided ML modeling.

TECHNICAL COMPETENCIES

Web & Modern Development: Website Designing & Building, Responsive UI/UX, Vibe Coding, HTML5, CSS3

Programming & Problem Solving: Python, C, Java, Analytical Thinking, Algorithmic Logic, RDBMS (SQL)

Cyber Security & Systems: Malware Analysis, Threat Intelligence, Computer Networks, Linux, Windows, IoT

CERTIFICATIONS

- **Artificial Intelligence Fundamentals** — IBM SkillsBuild (Credly Verified, Jul 14, 2026)
- **Introduction to Cybersecurity** — Cisco Networking Academy (Jul 13, 2026)
- **Introduction to Data Science** — Cisco Networking Academy (Dec 22, 2025)
- **Introduction to Internet of Things** — NPTEL / IIT Kharagpur, Score: 73% Elite (Jan–Apr 2026)
- **Gemini Certified Student - University** — Google for Education (Dec 23, 2025)
- **Free Workshop on Fullstack Development** — SDLC Madurai (Apr 27, 2025)
- **Adobe Photoshop Internship** — Scope Tech Software Solution (Jan 2025)
